AUGUST MEGAPHONE 2018

Hope you all receive this email as we have had problems lately but hope these have been resolved.

I would like to thank all those who have enquired about my health following a recent tumble at Stibbington. Thankfully no serious damage done and should soon be back to 'normal'. Also thanks to those who helped me on the day.

KEN WOOD TROPHY TRIAL 9th SEPTEMBER - this will be held at a new venue, Waterbeach Barracks. Nothing spectacular here but at least something different and we will try and make the most of it. It is an open event but will be geared towards the novice/clubman and sportsman classes. This is likely to be a one-off event on this site. Access will be via the first gate on the left in Denny End Road from the traffic lights on the A10 Ely road. The gate will be manned throughout the event. Please do not access via the main entrance. We are restricted to an agreed area and it is important that all riders and visitors stick to this and do not wonder into other parts of the airfield. Entries can be made via the ACU on-line system or by post, £25.00 charge on the day.

HARVEST TRIAL 7th OCTOBER – arrangements are in hand for this event at Croydon near Arrington, Cambs. Entries will open on-line following the Ken Wood Trial.

Very sad to hear of the sudden death of Roy Palmer a stalwart of the Braintree Club. Funeral 19th September at Shalford Church, Braintree, Essex. 2.30 pm. Our thoughts are with his brothers Graham and Kevin and the family.

SUMMER SERIES – 5th round at Abington Park Farm went very well practice trial enjoyed by those participating, good turnout for the trial and barbeque, altogether an excellent day. Thanks to Nick for all his efforts in running this series and to Cliff who worked tirelessly strimming the enormous amount of greenery also to those who helped throughout the series. Overall results to follow.

Colin & Margaret
